Rajoy will sack Catalan government

● Catalan leader Carles Puigdemont has ignored pleas from the national government to abandon moves towards independence.

Prime minister Mariano Rajoy said he will curb the powers of the parliament of Catalonia:

Large crowds gathered in Barcelona to protest against direct rule yesterday.

Brian clobbers Ireland and Britain

● Storm Brian battered towns in Ireland and along the western coast of England and Wales yesterday, with gusts and high seas causing heavy damage to buildings. Less than a week after Tropical Storm Ophelia killed three people, Ireland's weather office issued a warning that winds would average 55 to 65 km per hour.
